

Los Alamos National Laboratory, Albuquerque Public Schools, PNM, and Sandia
National Laboratories
present the

2008 Alternative Fuels Challenge

For Middle Schools

Yes, we want to participate in the 2008 Alternative Fuels Challenge for Middle School Students on Saturday, April 19, 2008 at the Albuquerque Public Schools City Center, 6400 Uptown NE.

There will also be a workshop for teachers only on February 9th at the Albuquerque Public Schools Montgomery Complex. Attending teachers will receive their own hydrogen fuel car kit, lunch, and a \$100 stipend. Please contact Janelle Vigil-Maestas **before February 22** if you are planning to participate in the challenge
